To calculate your grade:

- 1) Calculate your lab percentage: add up all the points you have earned on lab reports and divide by the total number of points possible, then multiply by 100.
- 2) Calculate your quiz percentage: drop the lowest quiz score and add the rest. Then divide by the total number of points possible (20 for each quiz score kept) and multiply by 100.
- 3) Calculate your overall grade:

(Lab Percentage x 0.7) + (Quiz Percentage x 0.3) = Overall Percent
